Who is Eco-Diaper Service?

Eco-Diaper Service was started by two Florida teachers, Michelle Hunley and Nicole Williams. Michelle came home from a visit with family in California who currently use a diaper service. Intrigued by the business Michelle began researching services in the area and discovered that Orlando did not offer such a service. After many discussions and more research the decision was made to start Eco-Diaper Service. Both Michelle and Nicole have a concern for the environment and were appalled at the amount of waste and contamination disposable diapers cause to the Earth. We hope our efforts go a long way to make the Earth a greener place.

“Save the planet one diaper at a time!”

Send us photos of your eco friendly baby in their cloth diapers and he/she could be featured on our website or newsletter!
